

To Remove an Existing Permit Parking Zone From Your Street:

Petition:

- A resident within the existing permit parking zone acts as a petition sponsor and circulates a petition form, provided by the Public Works Department, for signature to at least 80% of the residents within the permit parking zone.
- At least 2/3 of the residents within the zone must sign the petition “in favor” of the proposal to remove permit parking.
- Upon receipt of a valid petition, the Public Works Director will authorize the removal of all permit parking signs from the street.
