

SHARON A. SPRINGER
Nonprofit Administration

I am a 25 year resident and I love Burbank. Everybody matters. You matter. We must encourage inclusiveness, and increased public engagement with an attitude of collaboration, creativity, cooperation and gratitude. Trust must be fostered between city government and our community. Our community deserves great schools and services, a healthy, clean, safe environment, superior police and fire protection, and diverse transportation and housing options. We must support a diverse economy and provide opportunities for training, reinvention and earning a living. Our seniors deserve lifelong learning opportunities, and the option to “age in place,” and our infrastructure and services must enable this to happen. Our residents with disabilities must have free access to enjoy our same opportunities to live engaging, fulfilled lives. New construction should be consistent with the General Plan, and within the context of our surrounding neighborhoods, population trends, and long term goals of our city. We should assist, and do our best to retain displaced businesses and residents. My education, business, professional and nonprofit experience qualifies me to represent you in fiscally responsible, creative, and effective ways on the Burbank City Council.

Thank you in advance for your vote.
