

**FOR MEMBER OF THE CITY COUNCIL  
RICHARD CARR**

Being born in Burbank doesn't automatically qualify you to be a City Councilperson. What it does do is give the person a special love for, connection to and devotion to one's birthplace. A real desire to "make it the best it can be!"

Richard was not only born in Burbank while living on Myers St, later moving to the Ben Mar hills he also attended Jefferson, John Muir and Burbank High, graduating from BHS. He was drafted into the US Army, while attending C.S.U.N. and served honorably as a Rotary Wing School Instructor.

Richard has three wonderful children, Jennifer, Hayley and Chad. His son Chad and daughter, Jennifer (now MacDonald) along with her husband John and three active sons, Nick, Trent and Jackson, all reside in Burbank. His grandsons all attend Burbank Schools.

Now retired from a long career in Property Management, Richard proposes a 'parking citation warning program' where you would receive a warning rather a fine and most importantly is also strongly opposed to the trend of overbuilding in the city bringing with it more traffic congestion, pollution and the ultimate loss of what the Burbank citizens come to expect of the environment in Burbank.
