

CONSTRUCTION NOTICE

I-5 EMPIRE PROJECT

Construction on Buena Vista Street between San Fernando Blvd. and Winona Avenue Beginning in June 2019

WHAT'S HAPPENING:

In Burbank, beginning in June 2019, the following construction is planned on Buena Vista Street between Winona Avenue and San Fernando Boulevard:

- Crews will remove the existing pavement in the southbound lanes of Buena Vista Street and construct new pavement for the southbound lanes; and
- Crews will install a new asphalt surface on all lanes of Buena Vista Street in both directions, including the intersection at San Fernando Boulevard.

WHERE AND WHEN:

- From 9 p.m. Sunday, June 9, to 9 p.m. Friday, June 14, Buena Vista Street will be reduced to ONE LANE in each direction.
- Starting at 9 p.m. Friday, June 14, all lanes of Buena Vista Street will be CLOSED in both directions for a 55-hour period, until 6 a.m. Monday, June 17. At that time, all lanes will be open for traffic on Buena Vista Street.

The schedule is weather-permitting and subject to change.

WHAT TO EXPECT:

The Buena Vista Street intersections at Winona Avenue and San Fernando Boulevard will be severely congested at times. Traffic backups could extend to northbound and southbound I-5. Please pay close attention to changing traffic patterns and use alternative routes when possible.

ABOUT THE PROJECT:

This construction is part of the Empire Project, a series of improvements to I-5 in Burbank between Magnolia Boulevard and Buena Vista Street, including carpool lanes, elevated railroad tracks for safety, reconfigured freeway ramps, a new interchange at Empire Avenue, widening of the Burbank Boulevard Bridge, and more.

For more information about the project visit My5LA.com.
