memorandum

DATE: April 24, 2019

TO: Ron Davis, City Manager

FROM: Patrick Prescott, Community Development Director
VIA: Simone McFarland, Assistant Community Development Director

SUBJECT: Landlord-Tenant Commission Meeting – April 1, 2019

- Four members of the public attended the meeting for educational purposes.

- The Commission reviewed, discussed and finalized the New Commissioner Orientation Summary to utilize with future Commission members.

- Staff and Commission members provided the following updates.
    - Commissioner Smith stated the Boards and Commissions dinner was successful and sent a thank you letter the City of Burbank on behalf of the Commission.
    - Commissioner Smith announced she will be speaking on her role as a Commission Member to the Los Angeles Consular Corps Spouses Association hosted by the Consul General of Azerbaijan.
    - Commissioners Stump and Small mentioned they attended a resident meeting that addressed the topic of rent control.
    - In response, Staff reminded the Commission that that City Council has discussed the pros and cons of rent control in the recent past, and that no direction has been given by City Council to proceed with a rent control ordinance in Burbank. In addition, Staff continues to provide staff reports and presentations to the Commission members related to housing goals to keep the Commission informed. Staff specifically mentioned the March 19th City Council meeting to hear the update on the housing element and the regional housing needs assessment (RHNA).

- The meeting was adjourned at 6:50 pm.

BURBANK, OUR SCHOOLS NEED *YOU*

Burbank Unified School District (BUSD) is facing $3.5 million in budget cuts

WHAT CAN YOU DO TO HELP?

LEARN

We invite you to learn more about California's education system and how our schools are funded at **www.ed100.org.**

California ranks in the bottom 10 states in per-student spending, despite having the fifth-largest economy in the world. Find out how we can move into the top 10 by visiting www.FullandFairFunding.org

One-time fundraising will not be enough to maintain the quality of education in Burbank. BUSD is exploring putting a local measure on the 2020 ballot to support our neighborhood schools. We want to hear from you about this measure. If you have questions, please contact Dr. Matt Hill, Superintendent of Schools, at **MattHill@BurbankUSD.org.**

The quality of Burbank Schools is at risk.

Every Burbank school has been identified as a **California Distinguished School.** People move to Burbank for the schools. In addition, the quality of the schools enhances **property values.** However, the District is currently experiencing budget cuts.

Why does BUSD have to make these cuts?

The cost of running our school district is going up every year, but our school district is not receiving enough money from Sacramento to keep up. Therefore, in order to cover the rising costs to run our schools, **we have no choice at this time but to make cuts to our staff, teachers, and services for our students.**

You may have heard that Governor Brown "restored" funding to California schools. He did bring more money to schools, but **after adjusting for inflation, Burbank schools receive the same amount of money we were getting before the recession in 2008.** Even then, California was already well behind the national average for education funding. California is still digging its way out of the deep budget cuts of the Great Recession.[1]

While the State of California continues to look for ways to get more money to schools that will get us to 2019 levels, **the only way the school district can get needed ongoing funds is through a local measure for neighborhood schools. The City of Burbank is a supportive partner to the Burbank Unified School District. However, our schools are not funded by the City of Burbank. We do not receive any of the sales tax revenue the city collects.** 100% of the funds collected through a local measure would go directly to the Burbank Unified School District. These funds will significantly reduce the burden to the school district and allow BUSD to keep providing equity and excellence for our students.

BURBANK UNIFIED SCHOOL DISTRICT
Equity and Excellence

What can I do to help?

Great question! Turn over to find out!

MANAGEMENT SERVICES DEPARTMENT

MEMORANDUM

DATE: April 30, 2019

TO: Ron Davis, City Manager

FROM: Betsy McClinton, Management Services Director Betsy McClinton

SUBJECT: **City Manager Tracking List #2181**
Paid Amounts for Liability Claims By Department

Pursuant to requests from City Council Members, attached is a ten year summary of the amounts paid for liability claims by department. Also attached is a loss run showing the specific claims that are totaled in the summary.

The loss run has three sections: 1) closed claims that have payments; 2) closed claims with no payments; and 3) open claims. Each of the three sections is sorted by department and then by incident date within each department's section. Included in the loss run is a Recovery column that shows dollars recovered from the Authority for California Cities Excess Liability, which is the risk sharing pool that provides the City's general liability coverage for claims that exceed $1 million.

For the first section of the loss run containing closed claims with payments, there are two types of payments included in the Total Paid column: 1) expense payments, which include but are not limited to outside counsel, depositions, expert witnesses, FedEx and copying charges, etc.; and 2) loss payments, which include settlements, judgments, and plaintiff attorney's fees.

Please note that the final section of the loss run showing open claims does not show any amounts paid because that information, if made public, could be detrimental to the City's efforts to defend the claims. If City Council wishes to review this information please contact me to schedule a time to do so.

If you have any questions regarding the information provided, please feel free to contact me at extension 5026.
