What happens?

Your application is reviewed by the Planning Division to ensure that your proposed accessory structure complies with all Code requirements. The City Attorney's office prepares a covenant that states that the accessory structure cannot be used for cooking or sleeping purposes and that kitchen facilities cannot be installed in the structure. Once the covenant is complete, it will be mailed to you for review. You must sign the covenant and have your signature notarized by a California Notary Public. Once the signed covenant is returned to the Planning Division, it is forwarded to the Los Angeles County Recorder's office to be recorded against your property. **You will be required to pay a small recording fee.** There is no public hearing and no public notice is provided for this type of application.
