Consultant shall furnish the City with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All certificates and endorsements are to be received and approved by the City before work commences. System for Award Management Information Guide

Why SAM?

Under the Uniform Federal Requirement (2 CFR § 25.300), all entities receiving federal funds as prime recipients or subrecipients must have a Unique Entity Identifier (UEI) from SAM.gov. This ensures every entity can be uniquely tracked across federal funding systems.

Registering

When registering a new entity for the System for Award Management (SAM), an individual must register an entity through [SAM.gov](https://sam.gov). This process requires creating a SAM.gov account, navigating to the registration option on the website, entering information of the user's organization to the system, and submitting the registration. Once a new entity has been registered with SAM, individuals will obtain a Unique Entity Identifier (UEI), acting as an official piece of identification for a business to be eligible to work with the U.S. Federal Government.

When registering for SAM, required information that individuals are expected to submit include:

- Legal name of the organization
- Taxpayer Identification Number (TIN) or Employer Identification Number (EIN)
- Physical address
- Banking information
- Etc.

Official resources that offer step-by-step registration instruction include the [FSD.gov Website](https://www.fsd.gov) and [Quick Start Guide](#).

Qualifications

To qualify for System of Award Management (SAM), an organization must be a legally recognized entity, obtain a Unique Entity ID (UEI), and not be debarred or suspended from the system.

SAM Applicants should renew their registrations annually to remain active and submit any information changes regarding the business if necessary.

Disqualifications

Entities and individuals can be disqualified from registering to SAM, often resulting in Suspension or Debarment from the system. Agencies such as Department of Health and Human Services (HHS), Department of Homeland Security (DHS), Department of Housing and Urban Development (HUD), Department of Justice (DOJ), and Department of Labor (DOL) have legal authority to suspend or debar entities. Causes for being disqualified include the following:

- Is convicted of or indicted for fraud, embezzlement, theft, bribery, falsification of records, or other criminal offenses.
- Violates federal statutes or regulations in performing a government contract or grant.
- Shows a pattern of poor performance, noncompliance, or unethical conduct.
- Violating the Drug-Free Workplace Act.
- Lacking business honesty or integrity.
- Having a federal tax delinquency.
- Submitting false statements of information.

Information of these actions and violations are kept record for SAM to access when allowing individuals to register, through the SAM.gov Centralized Database. SAM (System for Award Management) verifies debarment and suspension status through the **Excluded Parties List System (EPLS)**, which is now fully integrated into **SAM.gov** under the "**Entity Exclusions**" records.

Fees

According to the SAM official website, the **service is free** and has no cost to register or to use. However, it's important to be aware that third-party companies may charge fees when offering help with the SAM.gov registration process.

Assistance

There are several resources available to help users register into the System for Award Management. This includes:

- The "Help" section found on the official website, SAM.gov, which includes registration guides and FAQs.

- Accessing [Quick Start Guides](#), which are official PDFs containing step-by-step guides for registration processes. They can be found on the SAM.gov website Entity Registration Page.
- Receiving customer support from the Federal Service Desk (FSD) at fsd.gov. (includes calling support agents, submitting web forms, and more)
- Call and Live Chat Hours: Monday - Friday from 8am - 8pm EST 866-606-8220

The Commercial and Government Entity (CAGE) code is a five-character, alpha-numeric identifier assigned to entities located within the United States and its outlying areas by the Defense Logistics Agency (DLA) CAGE Program. All registrations go through CAGE Code assignment and validation.

The CAGE code is different from the Unique Entity ID assigned in SAM.gov. It is used by the federal government for procurement and acquisition processes, like invoicing or pre-award verification.

If your SAM.gov Entity Administrator is no longer with the company or there is not an Entity Administrator associated with the registration, please create a user account and submit an Entity Administrator Appointment Letter (KB0016652) to gain access to update the existing registration. If there is an existing administrator and you only need a data entry role assigned to you, you can request a role (KB0016602). If you need to be listed as an administrator for your entity also, the current administrator will need to assign that role directly to you (KB0036075). It cannot be requested.

If you are based in the United States and need assistance with acquiring a federal contract, contact an APEX Accelerator for assistance. You can locate someone in your area by visiting www.apexaccelerators.us. If you have questions about applying for or managing grants, you can visit the Grants.gov Support Center for online resources and application support.
