  - Kelly Linden, Chief Executive, Providence Saint Joseph Medical Center
  - Darin Goss, Chief Operating Officer, Providence Saint Joseph Medical Center
  - Lindsay Hagan, Senior Planner, City of Burbank
- Project Overview by Providence Saint Joseph Medical Center
- City Review Process/Next Steps by City Staff
- Questions

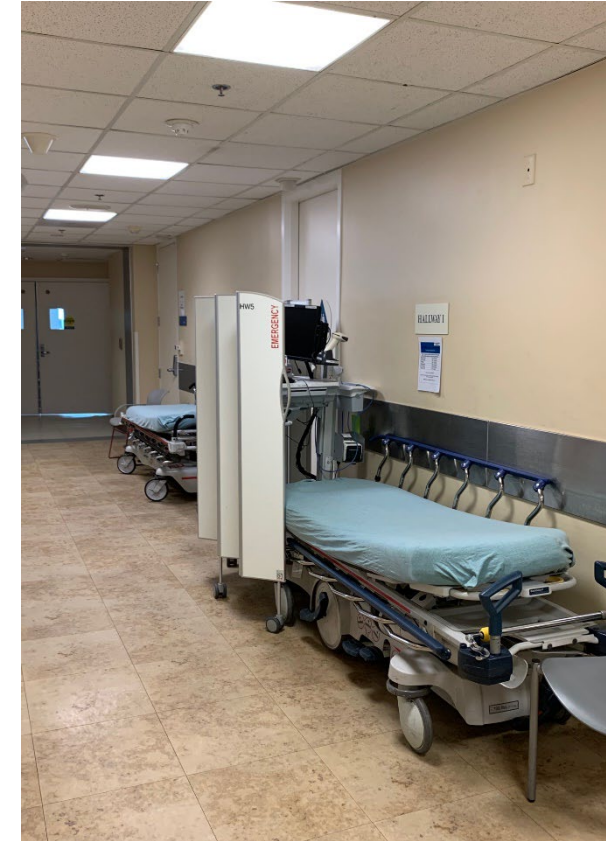

# 75 Years of Compassionate Care

- Saint Joseph Hospital was founded by the Sisters of Providence in 1944 in response to a growing need for hospital beds in the San Fernando Valley
- Remain faithful to serving all – especially the poor and vulnerable – and follow the mission set forth by the Sisters of Providence

# Current State of Emergency Department

- Over 70,000 patient visits in 2018
- Consistent year-over-year increases in number of visits
- Current emergency department was built in 1981
- Constrained space requires patients being treated in the hallway

# Right-Sizing Our Emergency Department

## Current

- 13,800 square feet
- 44 beds total:
  - 24 beds separated by curtains
  - 8 hallway beds (used daily)
  - 10-12 surge beds
- No Urgent Care on site

## Replacement

- 34,500 square feet
- 44 beds – all private rooms
- Improved Fast Track and triage areas
- Dedicated imaging lab
- Separate Urgent Care

# Project Cost and Funding

- \$78 million project
- 100 percent funded through community donors

# Inside Proposed Emergency Department

# Inside Proposed Emergency Department

# Proposed Urgent Care
