HOLLYWOOD WAY STATION OPTION: OPPORTUNITIES AND CONSTRAINTS

BUENA VISTA STREET STATION OPTION: OPPORTUNITIES AND CONSTRAINTS

HIGH-SPEED RAIL OPPORTUNITIES IN BURBANK

July 8, 2010

PRESENTATION TOPICS

- High-Speed Rail in Burbank
- Hollywood Station Opportunities/Constraints
- Buena Vista Station Opportunities/Constraints

HIGH-SPEED RAIL IN BURBANK

BENEFITS OF A BURBANK STATION

- Prominent location in San Fernando Valley
- Adjacent to major airport with flights throughout the U.S.
- Efficient interface with other modes
- Political will to pursue a station

REQUIREMENTS FOR A HIGH-SPEED RAIL STATION

- Engineering requirements, e.g.:
 - Appropriate track geometry
 - Right-of-way for bypass tracks at stations
- Land use requirements, e.g.:
 - Location that attracts high ridership
 - Opportunities for transit-oriented development (TOD)

TOD AT A BURBANK HIGH-SPEED RAIL STATION

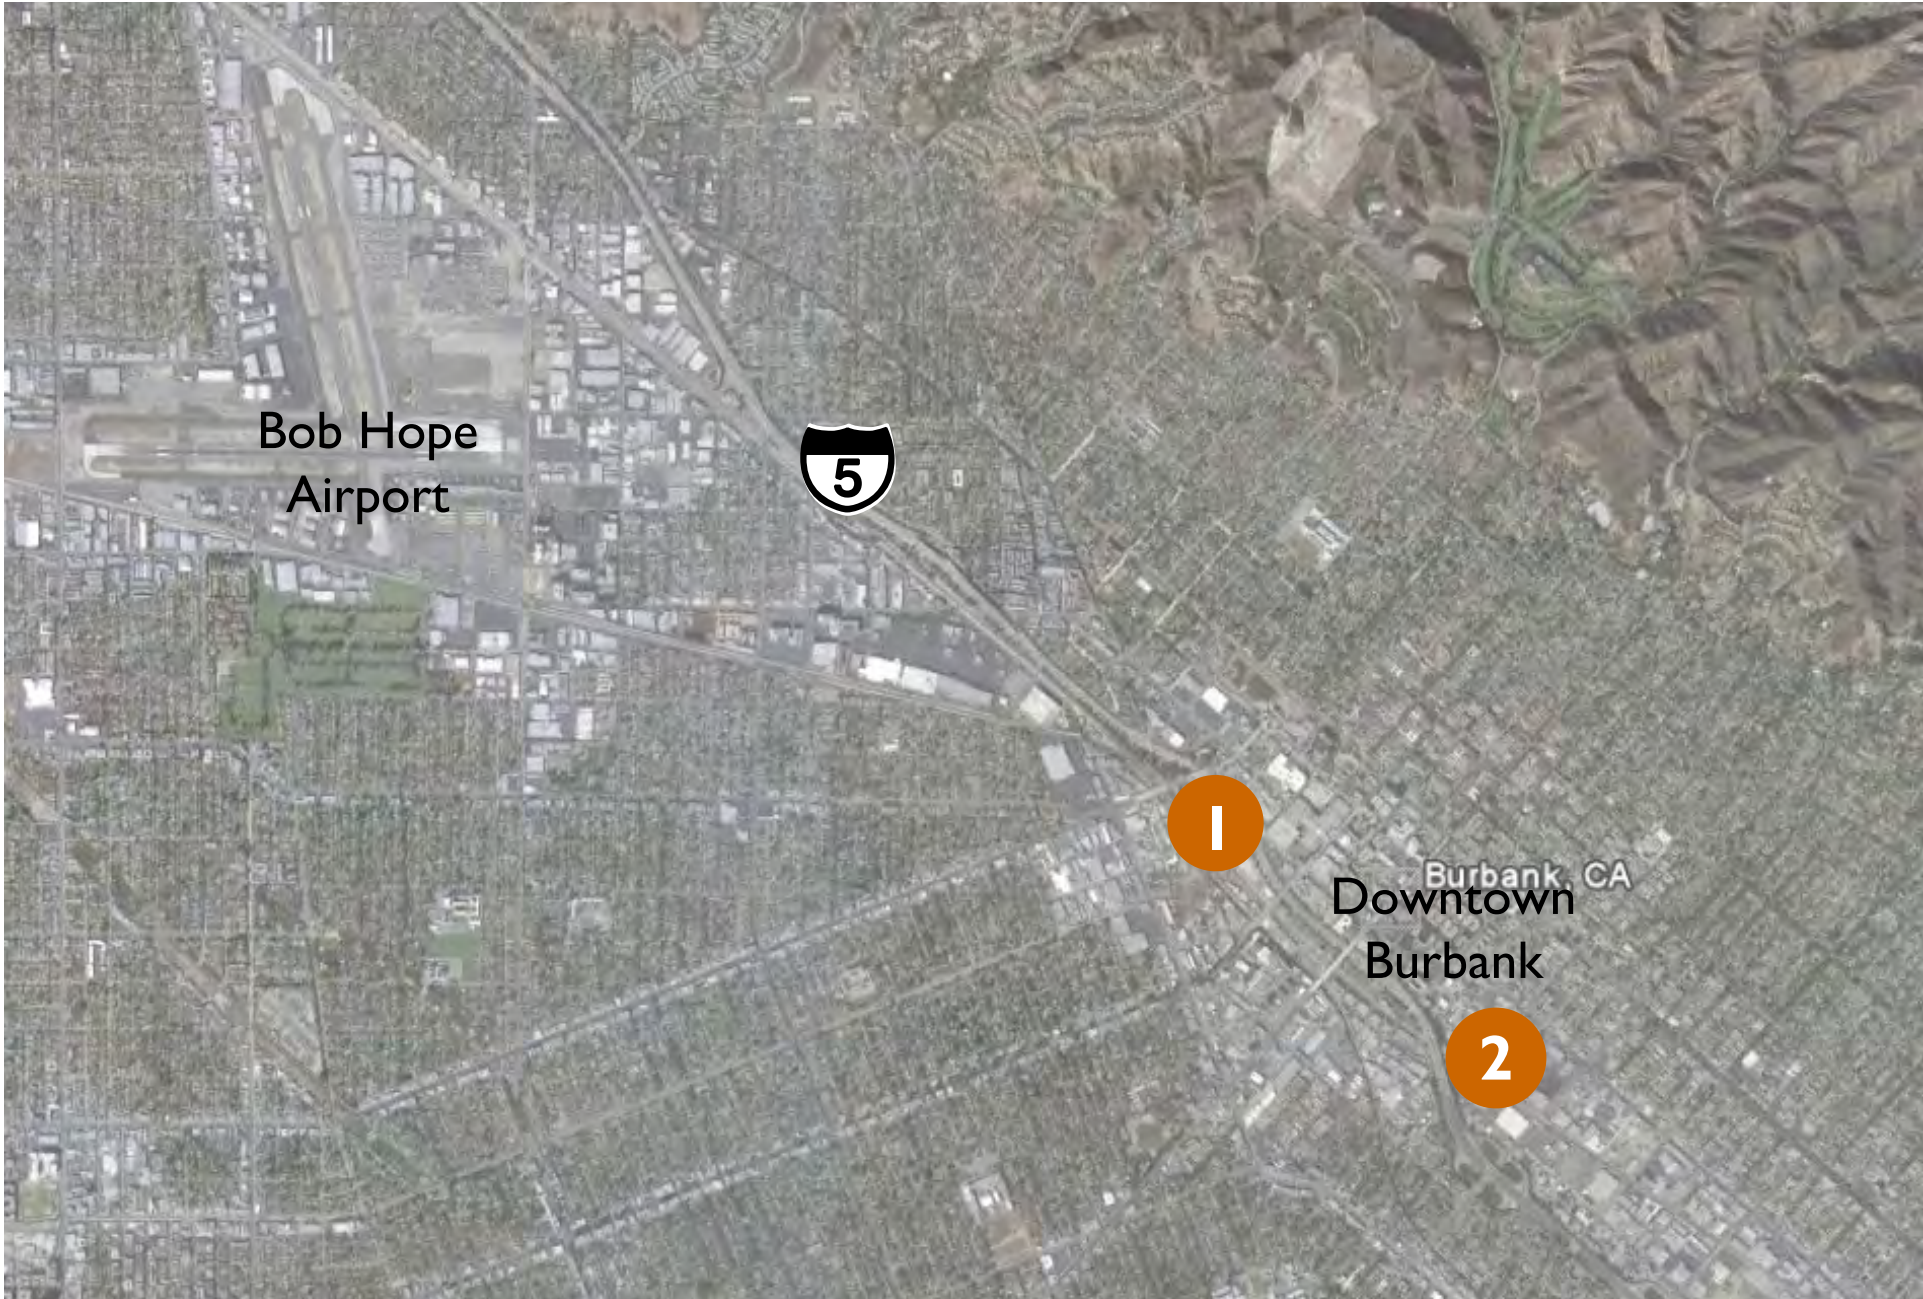

- Residential TOD inappropriate
 - Conflicts with existing land uses
 - Adjacency to airport
- Office TOD and visitor-serving uses, such as hotels, could thrive

CONNECTIONS AT A BURBANK HIGH-SPEED RAIL STATION

- Well connected to dense employment centers along Highway I 34/Ventura Blvd and in Media District
- Intersection of two intercity transportation hubs
- Bus connections to cities throughout the region
- Station would strengthen major employment centers in the San Fernando Valley's most transportation-rich location
