**Burbank Issues a Notice of Violation and Notice of a Hearing to Tin Horn Flats**

**BURBANK, CA (January 8, 2021)** – Today, the City of Burbank issued Tin Horn Flats a [Notice of Violation and Notice of a Hearing](#) to modify, suspend or revoke their Conditional Use Permit (CUP), which allows operation of the establishment. This notice follows many conversations and notices issued requesting the owner to comply with COVID-19 Orders.

The Notice gives Tin Horn Flats 10 days to cure the violations. The Notice initiates an adjudicatory administrative process, which was unanimously authorized by the City Council.

Mayor Bob Frutos stated, “This is a difficult time in history. The City Council is often being pulled in different directions that don’t always align but we have mandates to protect our community and comply with State and County Orders. It is the Council’s hope that the owner of Tin Horn Flats will comply with his CUP, State and County mandates that currently allow only take-out or delivery service.”
