TEMPORARY BIN RENTAL INSTRUCTIONS

2 Cubic Yard Trash Bin
\$125.00 Per Week
\$125.00 Each Additional Pick Up
\$30.00 Per Skipped Week

3 Cubic Yard Trash Bin
\$150.00 Per Week
\$150.00 Each Additional Pick Up
\$30.00 Per Skipped Week

Rates may change by Council approval; you must have a BWP account to rent a Temp Bin.

- 1. Bin delivery is within one to three business days from the date of sign-up, and during sign-up, the first collection must be scheduled within 10-14 business days of the bin delivery. Bin removal may be one to three business days from date of removal request. Collections occur on your regular trash collection day for automated carts.
- 2. **Initial here:** _____ You are billed weekly for the rental, which includes initial delivery, weekly rental, weekly pickup/disposal of one load, and bin removal. Additional collections can be scheduled at the rates listed above. If the bin is not ready for pickup, you can request to skip a week at the rates listed above. You will be billed for each week regardless whether the bin is full, blocked, or you forgot to request a skip.
- 3. **Initial here:** _____ For all collections, the bin must be kept on private property and be accessible at the edge of the driveway or alley between 7 am and 2:30 pm. If the bin is not accessible, you will be charged the regular bin collection fee and you must call to reschedule the collection date in order for the driver to return during that week.
- 4. **Initial here:** _____ 2 CUBIC YARD BIN: When disposing of dirt, rock, sand, and/or concrete, do not load the bin with more than twelve (12) inches of these heavy materials. The remainder of space may be filled with lighter materials such as lumber or household materials. Maximum weight 1,000 lbs.
- 5. **Initial here:** _____ 3 CUBIC YARD BIN: Only light materials may be placed in a 3 cubic yard dumpster. These items will not be accepted: dirt, rock, sand, concrete, or construction materials. Maximum weight 1,000 lbs.
- 6. No hazardous materials or liquids of any kind are accepted in the bin. Acids, Chemicals, Oils, Gasoline, Paint, Electronic Waste, Batteries, Light bulbs, Explosives, Tires, etc. are designated as hazardous material.
- 7. Always use wheel locks to hold the bin in place. The lids of the bin must be closed flush with the bin and no material sticking out. Do not overload the bin.
- 8. The City of Burbank is not responsible for damage caused to the placement surface by the bin or collection vehicle.
