Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board, commission or committee?

I've always been interested in public service--I take Shirley Chisholm's quote to heart: "Service is the rent that you pay for room on this earth." I was born and raised in Burbank, and I grew up in Burbank Public Libraries. I have strong memories of reading outdoors during the summer as a child at the Northwest Branch, participating in cool science programs at the Central Branch, and waiting excitedly to enter the brand-new Buena Vista Branch. Libraries are one of the greatest tools for encouraging education for all ages. I think my passion for Burbank and its libraries, coupled with my previous experience of serving as an elected City Council member and Library Trustee in a town in VT (where I lived prior to moving back to Burbank to care for my elderly grandmother), would make me a perfect fit to serve in this role.

Therefore, under State Law all members of the Board must receive at least two hours of ethic's training, as prescribed by the Fair Political Practices Commission, within one year of appointment and once every two years thereafter.

First Choice

FIRST choice for Board/Commission/Committee appointment:

Board of Library Trustees

Describe any qualifications, experience, and education, as well as any technical or professional background you may have relative to the duties of this position.

I have served on a library board before (when I lived in Barre, VT) and have also served as an elected City Council member (also in Barre, VT), so I am very familiar with public bodies and how they need to operate within the law. I also think the most important experience I would bring is life experience--I would be able to communicate how Burbank's libraries impacted me both as a child and an adult. I would bring perspective about how library services help our community in the present and future.

What are your goals in serving on this Board/Commission/Committee?

I want to ensure that children continue to have the same opportunities that I had as a child growing up with Burbank's libraries. I also want to find more ways to communicate the concrete ways that adults (including non-regular readers) can get use out of their library memberships. There are so many exciting things that happen at Burbank's libraries, and I feel like not enough people know about them! I would like to do my part to make sure the library is used by as many people across as many generations as possible.

Second Choice

SECOND choice for Board/Commission/Committee appointment:

Heritage Commission

Describe any qualifications, experience, and education, as well as any technical or professional background you may have relative to the duties of this position.

I studied American Studies in college, which gave me a solid grasp on the concept of significance for people, places and things--rooted in both historical value as well as cultural impact. I've also served on several non-profit and public government boards.

What are your goals in serving on this Board/Commission/Committee?

As someone who grew up in Burbank, and whose parents also grew up in Burbank, places and things that made Burbank a significant place are important to me. I'd be interested in finding ways for Burbank to share its historical and cultural roots. While Burbank may look like a very different community today when compared to when my grandparents moved here in the 1960's, I feel that it's still important to find ways to honor the history of a place, as well as the people who came before us.

Describe any qualifications, experience, and education, as well as any technical or professional background you may have relative to the duties of this position.

I have a Bachelor of Architecture from Woodbury University, and for over 23 years, I have worked in architecture, including multi-family residential, commercial, and high-end residential design. For the last eight years, I've worked with an Architectural Digest Top 100 designer, working on projects all over the world, and throughout the United States.

What are your goals in serving on this Board/Commission/Committee?

I would love to be a part of the process, where public funds will be used for art that looks towards the future, while acknowledging our past, without being beholden to it.

Second Choice

SECOND choice for Board/Commission/Committee appointment:

Heritage Commission

Describe any qualifications, experience, and education, as well as any technical or professional background you may have relative to the duties of this position.

I have a passion for art & architecture that has informed my life and career choices from an early age. I graduated in 1998 with a bachelor's degree in Architecture from Woodbury University. Since then, I have worked in the architecture profession continuously. My work experience includes, residential, commercial, and hospitality design throughout the United States, and internationally. I appreciate architecture and the role it plays in a city's history and I would like to play an active part in ensuring that Burbank's heritage is preserved through the thoughtful analysis of our existing inventory of buildings.

What are your goals in serving on this Board/Commission/Committee?

My goal is to make sure that Burbank's architectural history is maintained in a practical, thoughtful way that ensures that the property owner's interest is maintained, while at the same time preserving the history of Burbank for all of our citizens. I also would want to give a voice to the newer generation of people that live in Burbank, and ensure that while we honor the past, we also balance that with the need for the city to grow in a thoughtful manner.
