RESOLUTION NO. \_\_\_\_\_

A RESOLUTION OF THE COUNCIL OF THE CITY OF BURBANK APPROVING INCREASES TO FEES AND CHARGES FOR WATER, REFUSE, SEWER, AND ELECTRIC SERVICES FOR INCLUSION IN THE 2022-2023 CITYWIDE FEE SCHEDULE.

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. At the regular meetings held on May 17, 2022, the City Council conducted a public hearing to consider approval of proposed increases to fees and charges for water, refuse, sewer, and electric services. Due notice of the hearing on water, refuse, and sewer fees was given by mail to all record owners of real property in the City or to other persons directly liable to pay for water, refuse, and sewer service provided by the City, as provided for in Government Code Section 53755 and as required by Article 13D, § 6 of the California Constitution, which was adopted in 1996 as part of a statewide initiative measure designated on the ballot as Proposition 218. A copy of the notice is attached to this Resolution as "Attachment 2" and is incorporated herein by reference as though set forth in full.

B. At the hearing, the City Council heard testimony for and against the proposed increases and was provided with a staff report recommending their approval. Copies of all written protests were provided to the Council. The total number of written protests against the rate increases for water, refuse, and sewer are less than a majority of record owners of real property and other persons entitled to submit protests of such increases. All protests have been considered by the Council.

C. The notice and hearing described above satisfy all procedural requirements of Proposition 218 for consideration of the proposed increases to fees and charges for water, refuse, and sewer services for 2022-2023.

D. On May 17, 2022, the City Council considered these proposed fees and charges and determined to approve increases as set forth below.
