RE: AB 168 Acknowledgement of Enforceable Agreement between the Fernandeño Tataviam Band of Mission Indians and the City of Burbank for the SB 35 Residential 2814 Empire Avenue, Burbank, Los Angeles County, California

Dear Mr. Avila,

This letter is a follow up to the AB 168 tribal consultation concluded between the City of Burbank and the Fernandeño Tataviam Band of Mission Indians (FTBMI) regarding the proposed SB 35 residential project proposing a seven-story building consisting of 148 residential units with a gross square footage of 128,187 square foot on an approximately 1.97-acre site located at 2814 Empire Avenue in the City of Burbank.

Based on the information provided and FTBMI's Tribal Resource knowledge, the CRM Division has noted concerns regarding potential for impacts to cultural resources by the proposed Project. Per the Tribal Consultation between the City and the Fernandeño Tataviam Band of Mission Indians, the following language will be made part of the project's conditions of approval:

- **TCR-1:** The Project applicant shall retain a professional Cultural Resources monitor procured or selected by the Fernandeño Tataviam Band of Mission Indians to observe all clearing, grubbing, and grading operations of undisturbed soil below a depth of 5 feet within the proposed impact areas. If cultural resources are encountered, the Native American monitor will have the authority to request that ground-disturbing activities cease within 50 feet of discovery to assess and document potential finds in real time. One monitor will be required on-site for all ground-disturbing activities in areas designated through additional consultation. However, if ground-disturbing activities occur in more than one of the designated monitoring areas at the same time, then the parties can mutually agree to an additional monitor, to ensure that simultaneously occurring ground-disturbing activities receive thorough levels of monitoring coverage.
 - Any and all archaeological documents created as a part of the project (isolate records, site records, survey reports, testing reports, and monitoring reports) shall be provided to the Fernandeño Tataviam Band of Mission Indians.
 - The applicant and Lead Agency shall, in good faith, consult with the Fernandeño Tataviam Band of Mission Indians on the disposition and treatment of any Tribal Cultural Resource encountered during the Project implementation

- **TCR-2:** Applicant shall provide notice to FTBMI not less than 14 days prior to commencement of ground disturbing activities to ensure FTBMI has sufficient time to schedule adequate site monitoring personnel.
- **TCR-3:** FTBMI shall be responsible to retain sufficient monitoring personnel to meet its monitoring obligations during all phases of ground disturbing activities. The applicant may, but shall have no obligation to, stop ground disturbing activities in the event FTBMI is not able to attend or monitor the site.
- **TCR-4:** The Project applicant shall pay FTBMI a rate of \$125.00 per hour for all monitoring costs and expenses.
- **TCR-5:** The FTBMI Monitor shall complete monitoring logs on a daily basis, providing descriptions of the daily activities, including construction activities, locations, soil, and any cultural materials identified and available to the City upon request. The on-site monitoring shall end when grading and excavation activities of native soil (i.e., previously undisturbed) are completed, or when the FTBMI Monitor has indicated that the site has a low potential for cultural resources, whichever occurs first. The City may request a copy of all field documentation from FTBMI Monitor. In addition, the FTBMI Monitor shall provide the City a “closeout report” that addresses the FTBMI Monitor’s role on the project and provides a summary of cultural findings, if any.
- **TCR-6:** FTBMI shall comply with applicant’s site access and workplace safety requirements
- **TCR-7:** If human remains or funerary objects are encountered during any activities associated with the project, work in the immediate vicinity (within a 100-foot buffer of the find) shall cease and the County Coroner shall be contacted pursuant to State Health and Safety Code §7050.5 and that code enforced for the duration of the project.

Per Government Code Section 65913.4(b), this concludes the Tribal Consultation process and documents the Enforceable Agreement with FTBMI. Please sign and return the letter acknowledging the Enforceable Agreement between the Fernandeano Tataviam Band of Mission Indians and the City of Burbank. Dear Chairperson Salas,

This letter is a follow up to the AB 168 tribal consultation concluded between the City of Burbank and the Gabrieleño Band of Mission Indians – Kizh Nation (the “Kizh” or the “Tribe”) regarding the proposed SB 35 residential project proposing a seven-story building consisting of 148 residential units with a gross square footage of 128,187 square foot on an approximately 1.97-acre site located at 2814 Empire Avenue in the City of Burbank.

Based on the information provided and Gabrieleño Band of Mission Indians – Kizh Nation’s Tribal Resource knowledge, concern regarding potential for impacts to cultural resources by the proposed Project has been noted. Per the Tribal Consultation between the City and the Gabrieleño Band of Mission Indians – Kizh Nation, the following language will be made part of the project’s conditions of approval:

- **TCR-1:** The Project applicant shall retain and compensate a professional Tribal Cultural Resources monitor procured or selected by the Gabrieleño Band of Mission Indians – Kizh Nation (the “Kizh” or the “Tribe”) to observe all “ground disturbing activities” including clearing, grubbing, and grading operations of undisturbed soil below a depth of 5 feet within the proposed impact areas. The City agrees that it will not disclose the Tribe's rate of compensation to any party other than the Project applicant, unless compelled by law to do so (e.g., under the California Public Records Act), provided the City first gives the Tribe sufficient prior notice of such compelled disclosure (to the extent legally permitted) to permit the Tribe a reasonable opportunity to object to the compelled disclosure and to allow the Tribe the opportunity to seek a protective order or other appropriate remedy. The City shall provide reasonable assistance, at the Tribe's cost, if the Tribe wishes to contest the disclosure.
