

Michael Lee Gogin

I am asking for your vote.

With over 35 years of experience in the film industry and as a business owner/operator, I am well suited to understand and handle the needs of Burbank; its families, small businesses, and the entertainment industry.

**As your Council Member I will work for you to support the following issues:**

- Community protection of the highest level from our Police and Fire Departments. Services will not be de-funded on my watch!
- The concerns and challenges of our senior and disabled community.
- Create a Filming Commission liaison for Entertainment Industry related businesses thus streamlining the permit and regulation process.
- Create a “Leash Free and Safe Dog Park” without using tax dollars.
- Protect R-1 and R-1H zoning.
- Control excess traffic and speeding through our residential and business neighborhoods.
- Resolve the citywide deficit without creating new tax burdens.

I will listen to the concerns of all Burbank residents. My door will always be open. I vow to listen and fairly evaluate all issues. I look forward to hearing from you.

Your trust in me is paramount.  
It will be my honor to serve you.

Sincerely,

Michael Lee Gogin
