

I am a retired Superior Court Commissioner, an attorney and your current City Councilman. I have worked tirelessly for you and will continue to do so. I served one term in 1989, during which time Lockheed left Burbank. As a council we expanded our business base and created the Media District Specific Plan. We also converted an empty 40 acres into a thriving mall. When I was appointed in 2018, Burbank was in a budget crisis. I collaborated to solve it successfully. I have the proven record to deal with our present economic crisis from the pandemic.

I have fought for local control, planned balanced development, our schools, neighborhood protection, and putting housing near transportation hubs. I proposed an emergency ordinance to protect tenants from eviction. I have supported our youth, seniors and local businesses. I have worked to pay our great employee workforce fair salaries and benefits, working with them for sustainable pension reform.

Our homeless program is proving successful. Affordable housing is a priority in our Housing Master Plan. I have the track record of hard work, energy, and the experience needed to continue to improve Burbank and our quality of life. VOTE TIM MURPHY!
