

June 5, 2025

I, Ken Scarone, am a Senior Tree Trimmer for the City of Burbank and have worked in field of Forestry for the City for over 19 years. I have reviewed City records related to an illegal trimming of a City tree located at 1083 E. Harvard Avenue, Burbank, CA.

Based upon my recollection and a review of the records, I recall that on Sunday April 28, 2024, I received a call on the on-call phone regarding a potential illegal tree trimming at 1083 E. Harvard Road, Burbank, CA. I responded to the location, but no one was present upon my arrival. I observed that the trees had been trimmed on the property side only, specifically, the limbs facing the property had been cut, and there was visible debris on the ground. Since the individuals who performed the trimming work had already left, I reported the incident to my supervisor, Juan Cardenas, on Monday April 29, 2024.
