

CANDIDATE STATEMENT

JT Parr

Burbank City Council 2026

My name is JT Parr, and I am running for City Council in the great city of Burbank. I want to build more housing, expand and improve public transportation, and create more places where people can hang out without spending money.

Burbank is a great city today, and I want to make sure it's a great city tomorrow.

I am not seeking endorsements. I'm running because these issues matter to me, and I want to have skin in the game. If my policies align with yours, vote for me.
