

CANDIDATE STATEMENT

Samantha Wick
Burbank City Council 2026

I am proud to have called Burbank home for more than 23 years and have dedicated my career to serving our community. I currently serve on the Burbank Planning Commission and previously served on the Burbank Heritage Commission, including two years as Chair.

With a Bachelor of Science in Urban Planning and a career in nonprofit leadership, I bring practical experience in housing, land use, responsible development, historic preservation, and community engagement. I also founded Burbank's original Buy Nothing Group, connecting thousands of neighbors through community and service, and serve as the Planning Commission liaison to the Art in Public Places Commission.

I have worked alongside residents, businesses, and community organizations to help keep Burbank a safe, welcoming, and vibrant place to live. I believe in listening to our community, making thoughtful decisions, and leading with transparency, integrity, and common sense.

When I'm not serving Burbank, I enjoy hiking local trails and volunteering to help rescue animals. Learn more at SamanthaWick.com.
