PURPOSE: Government Code Section [65913.4](#), also known as Senate Bill 35 (SB 35), requires the City to review qualifying housing development projects using a ministerial review process. An SB35 Notice of Intent (NOI) Application is required to determine eligibility of a project for SB35 streamlined ministerial review process. A project must comply with objective planning standards, provide specified levels of affordable housing, and meet other specific requirements, as detailed in this application.

Applicants intending to invoke the SB 35 Streamlined Ministerial Review approval process must fill out this application and checklist and provide supporting documentation for each item (*as applicable*) to demonstrate eligibility. This NOI to Submit an SB35 Application shall be submitted along with the identified Required Submittal Items. Incomplete checklists that do not include required attachments or supporting documentation will be deemed incomplete for processing. **Due to the reduced processing times for eligible SB 35 development applications, submittal of an incomplete entitlement application is grounds for deeming an application incomplete.** Determination that an application is incomplete for processing does not preclude the applicant from correcting any deficiencies and resubmitting an application for streamlined review, or from applying for the project under standard processes procedures. If the application is deemed incomplete and the applicant elects to resubmit an application for streamlined review, the timeframes specified in Section 301(b) below shall commence on the date of resubmittal.

The NOI process includes Tribal Consultation with the California Native American tribes that are traditionally and culturally affiliated with the geographic area of the Project site. The City will initiate the tribal consultation process within 30 days of receipt of NOI. The NOI process is deemed complete once Tribal Consultation process is concluded pursuant Government Code Section 65913.4(b).
