

**FIRE
DEPARTMENT**

**PERMIT VERIFICATION REQUIREMENTS
FOR WORK RELATED TO UNDERGROUND STORAGE TANKS
CONTAINING HAZARDOUS SUBSTANCES**

SCOPE: This form shall apply to all individuals, companies, and corporations who install, remove, and repair or upgrade underground storage tanks.

PURPOSE: This form provides the Burbank Fire Department with verification that an applicant/contractor has obtained all permits required by the City of Burbank for any underground storage tank installation, removal, or repair and upgrade task.

INSTRUCTIONS: Every applicant or contractor performing work on underground storage tank(s) that requires a permit from the Burbank Fire Department shall also obtain all permits required by the City of Burbank. Each applicant or contractor must obtain the signature of a City Official required by the City of Burbank. Each applicant or contractor must obtain the signature of a City Official representing the respective City Department for the required permit identified on this form. The applicant or contractor must apply for or obtain the required signature. Submit the original signed form with your completed permit application to the Burbank Fire Department to obtain a permit.

No permit will be issued without the completion of this form.
