

# TRAFFIC ADVISORY

North Outfall Sewer (NOS) Units 20 and 21 – Zoo Drive Right-of-Way to Doran Street  
Sewer Rehabilitation Project

November 24, 2025

## WHAT:

- Night work with temporary closure of the 134 West Freeway and 5 North Freeway interchange as part of the North Outfall Sewer Units 20 and 21 – Zoo Drive Right-of-Way (ROW) to Doran Street Sewer Rehabilitation Project
- Implementation of temporary traffic control for emergency sewer rehabilitation work

## WHEN:

- 11 pm Monday evening, November 24, 2025 – 5 am Tuesday morning, November 25, 2025
- 11 pm Tuesday evening, November 25, 2025 – 5 am Wednesday morning, November 26, 2025
- Schedule is subject to change due to weather and other unforeseen circumstances

## WHERE:

- Both lanes will be closed along the 5 North to the 134 West freeway interchange (Exit 144B)
- Lane closure will extend approximately ½ mile, ending just before the Riverside Dr overpass on the 134 West
- There will be no on-ramp or off-ramp closures; all on-ramps and off-ramps will remain open and accessible
- Alternate route signage will be posted

## Project Background

LA Sanitation & Environment is rehabilitating portions of the North Outfall Sewer Units 20 and 21 from Zoo Drive Right-of-Way (ROW) from the southeast corner of Griffith Park Ferraro Fields to the northwest corner of Griffith Park Ferraro Fields; Doran Street from West San Fernando Road to the end of the cul de sac (near the LA River); and westbound portions of the I-5 and 134 Ventura Freeways.

This project is necessary in order to protect the reliability of the sewer pipeline system. The project will include cleaning of the sewer pipes and existing siphons, excavation and construction of sewer access pits, replacement/rehabilitation of existing maintenance holes (MH), and rehabilitation or replacement of the sewer pipes and existing siphons.

Mitigation measures will be in place to reduce odors. Improvements to the pipeline will ensure that your sewers are reliable for decades to come. The overall projects dates are Summer 2025 – Summer 2027.
