VIII. BATTING

 1. Free Substitution:
 - a. If a team uses free substitution, they must list all their players on the lineup card and maintain the same batting order for the entire game. Players may play any position defensively and enter or re-enter the game as often as necessary without penalty.
 2. Straight Substitution:
 - a. If a team wishes to bat only 10 players, they must list the 10 players as batters on the line-up card. The remainder of the players must be listed as substitutes and the team cannot use the Free Substitution rule once the line-up card is official. The line-up card is considered official when accepted by the plate umpire. Any changes after that point will be considered a substitution. All starters may re-enter the game 1 time without penalty during the game.

2) Batting Rules:

- i. Batters will begin with a 1 and 1 count.

2. When an errant or missed throw pulls the defensive player into foul ground
