

## City of Burbank Compliant Product List

Updated December 2025

The City of Burbank has created this Business Compliant Product List to provide examples of compliant products in accordance with the Waste Reduction Ordinance passed March 15th, 2024. The ordinance limits the use of polystyrene packaging material, food ware, and coolers, single-use food ware for on-site dining at Burbank restaurants, and non-recyclable or non-compostable food ware for take-out, and aligns itself with AB 1276 or the “Upon Request” state policy.

### **KEY DATES:**

July 1, 2024	The use or sale of polystyrene packaging and food ware is prohibited.
January 1, 2026	Food service businesses prohibited from using non-recyclable and/or non-compostable food ware. Businesses will be required to provide recyclable and/or compostable poly and perfluoroalkyl (PFAS) free substance food ware for take-out customers. PFAS are long-lasting chemicals, components of which break down very slowly over time and may have harmful effects on humans and animals.
January 1, 2026	Food service businesses prohibited from providing disposable food ware for customers dining on-site.

### **ACCEPTABLE FOODWARE:**

"Recyclable"	Includes products that are capable of being source-separated and then feasibly recycled, salvaged, processed, or marketed by any means other than landfilling or burning. Recyclable products are made of cardboard, paper, glass, metal or aluminum, and plastics #1, #2 and #5 that are not black.
"Compostable"	Includes products that are made of a fiber-based material such as wood, bamboo, paper or cardboard (no bioplastics) that can be composted in the local solid waste collection program AND must be PFAS free. Must not have any noncompostable coatings or additives.

### **Don't See a Product Replacement?**

Contact City of Burbank Department of Public Works at [zerowaste@burbankca.gov](mailto:zerowaste@burbankca.gov) to help identify whether a compliant product alternative exists for your business.

### **Questions About Your Products?**

Contact City of Burbank Department of Public Works at [zerowaste@burbankca.gov](mailto:zerowaste@burbankca.gov) to help answer whether your food ware items are compliant.

## Take Out Containers
