

Steve Ferguson
Small Business Owner

As a lifelong resident of Burbank, I know how important our schools are to this community. I'm running for School Board because I believe that education is in crisis and that we need strong local leadership to preserve what I call the Burbank standard of education in our schools.

For over twelve years, I have been active in our schools and in our city. My civic involvement and history of working with educational policy makers throughout the K-14 system, allows me to bring not only a unique, but experienced perspective, as well, to the Board of Education.

As our district goes through difficult financial times, I will maintain an unyielding commitment to fiscal discipline, transparency and accessibility, while never forgetting that the success of our students is the number one priority.

With your vote I look forward to working with our parents, teachers, administrators, classified staff, students, board colleagues and the community as a whole in working toward making our schools the top in the state.
