- A. Participants must wear appropriate athletic shoes while playing. Rubber cleats are acceptable. Metal cleats, golf, football, or track shoes are not allowed.

C. BATS

- A. Bats shall be made of Wood or Metal, no 100% Composite bats – (handles may be composite, barrels can only contain metal or wood). Baseball Wood Bats are illegal. Bats prior to 2000 can be used if the umpire deems legal.

1. Bats must be an ASA certified single wall (this includes **Fast Pitch bats**) or a wood bat designated "Official Softball." A list of currently unacceptable bats will be available at the Sports Office upon the request of the teams, or online through www.softball.org. **Link Certified Equipment-Bats**
- B. Altered or Illegal bat policy:
 - a. The official will remove non-approved, illegal, or altered bat(s) from the game and warn the manager during the pre-game conference.
 - b. When a batter enters the batter's box with or is discovered using a non-approved, illegal, or altered bat (whether a pitch is thrown or contact is made or not):
 - i. **EFFECT:** Dead ball, the batter is out, base runners must return to the last base occupied at the time of the infraction, the bat is removed from the game, the manager is warned, and the player is disqualified from participating in the remainder of the game.
 - (i) If a previous batter has used the same non-approved or altered bat and a pitch was made, the current batter only is assessed the effect listed above.
 - c. When a batter enters the batter's box with or is discovered using a non-approved, illegal, or altered bat previously identified by the umpire during the pre-game conference or used by a prior batter (whether a pitch is thrown or contact is made or not):

- B. The batter cannot take a running start from behind the plate to make contact with the ball as this can create a safety hazard for the catcher and umpire. If the batter takes a running start when the ball is pitched, the umpire will call no pitch and give a warning to the batter. If the batter continues to take a running start (after being warned by the umpire) in order to make contact with the pitched ball, he/she will be called out.
- C. The Batter's Box dimension is 7 feet long, which is 4 feet up from the center of home plate and 3 feet back from the center of home plate. The box is 3 wide. This is the guideline to be used to enforce this rule. Once again the umpire has the sole judgment in making this call.
