

## **AT&T to Reconstruct Intersection at Orange Grove Avenue and San Fernando Boulevard**

*Road closures scheduled for February 25, 2019 – March 15, 2019*

As part of AT&T utility relocations for the I-5 HOV/Empire Interchange Project, the AT&T contractor, Ward Corporation, is scheduled to conduct street restoration at the Orange Grove Avenue and San Fernando Boulevard intersection beginning February 25, 2019 through March 15, 2019. This intersection will be closed and a detour plan will be implemented. The improvements will also include paving of Orange Grove to Third Street. Motorists are advised to avoid this area and use alternative driving routes.

Street Improvements with road closures include:

- **Orange Grove Ave.** between Third Street and San Fernando Blvd. is scheduled for a grind and overlay with rubber asphalt starting on Monday, 2/25, and completed by Wednesday, 2/27, with the City Hall Parking Structure, City Hall Parking lot and driveways along Orange Grove Ave. will be accessible on Monday and Tuesday (with minor traffic interruptions) but will be closed on Wednesday 2/27 during the actual paving operation.
- **The San Fernando Blvd. and Orange Grove Ave. intersection (concrete street)** will be fully removed and reconstructed including pedestrian ramp upgrades at all four corners. The intersection will be closed for vehicular traffic from 2/25/19 to 3/7/19 and the roadway will be reopened to vehicles on 3/8/19.
- The traffic loops and striping will follow the pavement improvements with intermittent minor lane closures; complete restoration/improvements are to be completed by Friday March 15, 2019.
- As with any project, the work schedule may change due to unforeseen conditions and/or inclement weather.

This project is fully paid for by AT&T. Their work will repair and restore street damages done during the AT&T utility relocations for the I-5 HOV Empire/Interchange Project. The repaired intersection will restore the street life for another 40 years.

For any questions about the pavement repair project, please contact the following:

1. Ward Corporation, Mike Ward, Project Superintendent - (805) 921-0822
2. Anderson Penna, Manny Briones, Project Inspector – (949) 613-0838
3. City of Burbank, Ricardo Sanchez, Principal Engineer – (818) 238-3954
