## Volunteer for the Homeless Count In Burbank

The Point-In-Time Count is how we determine how many homeless neighbors we have in Los Angeles County on any given night. The purpose of the Greater Los Angeles Point-In-Time Homeless Count is to provide a snapshot during the last 10 days of January of the number of homeless persons, their demographic characteristics, and the locations where they reside.

In support of this effort, the **City of Burbank** will participate in the 2020 Greater Los Angeles Homeless Count organized by the Los Angeles Homeless Services Authority. The City will coordinate the event but needs the support of volunteers for the night of:
