

Public Notice
Proposed Zone Text Amendment to
Burbank Municipal Code Section 10-1-1114 – Art In Public Places

What is this?

This notice is to let you know that the City of Burbank City Council will introduce an Ordinance approving Zone Text Amendment (Project No. 19-0006734) initiated by the City of Burbank: Parks and Recreation Department. The Ordinance proposes to amend the current Art in Public Places ordinance (Burbank Municipal Code Section 10-1-1114), which includes the following proposed changes: (1) editorial changes such as a definition clarification in the ordinance, (2) updates to the list of development projects that are exempt from the ordinance's requirements, (3) updates to the public artwork maintenance standards when an artwork is stolen or damaged, and (4) updates to the list of acceptable art projects that can be used in order to comply with the ordinance.

The proposed Zone Text Amendment is exempt from the California Environmental Quality (CEQA) pursuant to the provisions of Section 15061(b)(3) of the CEQA Guidelines because it can be seen with certainty that there is no possibility that the proposed activity would have a significant effect on the environment. The proposed changes to the current code will not result in a change of use or in development standards that would result in a physical change to the environment more significant than the current development standards. The proposed amendment is primarily procedural in nature and the potential impact to the environment would be negligible.

The City Council will introduce the Ordinance at the City Council public hearing meeting scheduled for May 19, 2020.
