

**CAMP PROCEDURES**

- **Group Size** - Campers will be divided into stable groups of 10, each with a dedicated room and team of counselors. Group size may be increased to 15, if and/or when permitted by the County of Los Angeles.
- **Social distancing** – Camp activities will be structured to allow for as much social distancing as possible.
- **Cleaning/disinfecting** - Classrooms, bathrooms, toys, equipment and other high-touch surfaces will be cleaned and sanitized on a regular basis. Campers will also have their own box of supplies, with items such as scissors, markers, paint brushes, etc. in order to reduce sharing and cross contamination.
- **Handwashing** - Regular handwashing will be enforced for staff and campers.
- **Face coverings** - Required for campers and must be worn when feasible. Campers will be allowed to remove their face covering during meal periods and certain socially distant camp activities. Parents must send their child to camp with a clean mask on a daily basis, along with a clearly marked plastic bag for storage during the day.
- **Drop off and pick up** - Families are highly encouraged to designate one person to drop off and pick up camper on a daily basis. Parents are not allowed in the camp room and check-in will take place outdoors. Please be mindful of social distancing while waiting to check children into camp.
- **Field trips and swimming** – All field trips have been cancelled. Trips to the pool are not likely and will depend on operations at the Verdugo Aquatic Facility.

**HEALTH POLICIES**

- Parent is responsible for screening themselves and their child at home for symptoms of COVID-19, including fever, cough, shortness of breath or difficulty breathing, chills, muscle pain, sore throat, or new loss of taste or smell. Anyone with symptoms consistent with COVID-19, including the child, should remain at home in isolation for a minimum of 10 days, including at least 72 hours without a fever (without fever-reducing medication) and improvement in other symptoms.
- Additional health screening will take place upon arrival at camp, including a temperature reading and general questions regarding COVID-19 symptoms and/or exposure. Parent must be present for this screening. Symptoms that will preclude children from camp include fever (over 100.4F), cough, shortness of breath or difficulty breathing, chills, muscle pain, sore throat, or new loss of taste or smell.
- Children will not be allowed to attend camp if they or any household members have a fever of 100.4F or above, or display other symptoms of COVID-19, as listed above. Camper cannot return to camp for at least 10 days, including 72 hours fever free (without the use of fever reducing medication). Campers may be allowed to return sooner with a doctor’s note unless the camper is required to self-quarantine under the County’s Public health Order.
- Children who become sick during the camp day will be separated from the group and sent home immediately.
- Parents must notify camp staff if their child or any household member tests positive for COVID-19. In such a situation, the camper may not return to camp until they are allowed to exit self-isolation or self-quarantine under the County Health Orders.
- Camp staff will adhere to the same health guidelines as described for campers, including daily health screenings and a return-to-work policy that includes 10 days of isolation and being fever free for at least 72 hours. Camp staff are also required to wear masks while at work.

**PARENT ACKNOWLEDGEMENT:** I understand the policies and procedures listed above for day camp and agree to abide by them. I agree to inform my child of policies regarding face coverings, social distancing and frequent hand washing. I understand that my child may be suspended and/or expelled from camp if he/she is unable to abide by these policies.

**Name of child (ren). Please list all children enrolled in camp:**
